

## Color Ball

### What is needed:

- Balls of all sorts – red, yellow, blue, orange, green, and purple- whatever you have available

### How to play:

1. Play like tag, except in order to tag someone you must TAP them with a ball.
2. Everyone is it.
3. The balls are all about the room.
4. You can only use one ball at a time, and after you tap someone, you must toss the ball.
5. Here's the catch, only one color works at a time. On an uneven interval, the staff in charge shouts the color of a ball. During that interval, only that color of ball will work to tag.
6. Once you're out, you're out for the game.
7. Modify as needed.
