

## Ghouls and Goblins

### How to play:

1. Have the group line up on a line, and count them off by twos.
2. When finished, have the "ones" go on one side of the gym and the "twos" go to the other side of the gym.
3. Have the two groups lined up across from each other. One group are the Goblins, and the other group are the Ghouls.
4. The staff will shout out a group, either the Ghouls or Goblins, and that group must then chase the opposite group and try to tag as many people as they can.
5. If a child gets tagged, that child becomes the other group. For example, if the staff yells out ghouls and four goblins were tagged, those four tagged goblins are now ghouls.
6. This game goes on until there is only one child left, and that child is declared the winner.
