

# Harvest Time Wheelbarrow

**H**ere comes the wheelbarrow rollin' through, carting heaps of harvest words for you!

## Cover Decorating Tip

- ▶ Cut the barrow shape from brown construction paper or craft foam, and glue it to the front of the file folder. Cut apples and pumpkins from red and orange construction paper or craft foam; glue them to the barrow base. Use markers to add leaf and vine details and to outline wheels. Laminate the construction-paper version, if desired.

## story Starters

- ▶ For instant writing ideas, cut and paste the following writing prompt onto the back of your file-folder word wall.

### Our Harvest Story Starters

Tell what you would do with a wheelbarrow full of apples and pumpkins. Would you eat them or cook with them? Who would you share them with?
