

## New Year's Firework Goals

### Supplies:

Cupcake Liners in various color  
Scissors  
Glue  
Black craft paper  
White paper  
Marker, Pen, or Pencil

### Directions:

1. Have child flatten their cupcake liners and make cuts (fringe) on the ribbed part of the liner. We stopped cutting when we reached the inside circle of the cupcake liner.
2. Give each child 1 piece of white paper and have them cut out circles that would fit in the center of the cupcake liner. On each white circle, the child will write down a goal or wish for themselves for the new year.
3. Glue the cupcake liners to the piece of paper. Once they are dry they are ready to display and to share with the group.
