

## Paper Doily Snowman Craft

### Supplies

Large Blue Construction paper

Orange construction paper

Black construction paper

3 paper doilies (1 small, 1 medium, 1 large)

Pom poms or buttons

Brown pipe cleaner

Cotton Balls

Glue

Scissors

### Instructions

1. Give each student 3 paper doilies. Each student should receive 1 small, 1 medium, and 1 large doily. Have the students arrange the doilies from smallest to largest before gluing it in to a large blue construction paper. This will be the snowman's body.
2. Glue the doilies on the construction paper. Give students cotton balls to glue on the bottom of the page, but touching the bottom of the snowman to simulate snow.
3. Give each student 1 piece of brown pipe cleaner. The pipe cleaner will need to be cut in half to create 2 arms. Glue the pipe cleaners to the medium circle.
4. Use the orange construction paper to create a carrot like nose and glue it on to the small circle.
5. Use the black construction paper to create the eyes and smile. Glue it on to the small circle.
6. Have the students pick pomp oms or buttons to create an outfit for the snowman.
7. You may place other pieces of colored construction paper or trinkets on the work space to have students use to decorate their own snowman or the background.
