

## Gift Ball

**What is needed:** Sprout balls

### **How to play:**

Okay, play this game like Medic Ball except the way to get back into the game is that someone on your team (the Gift Giver) has to "gift" you with their ball, and say the words, "This is a special present from me to you." The special words are essential! Someone, the ref most likely, must watch and make sure that Gift Givers are saying these words. If they do not say the words, they too are then out, in addition to their teammate who is sitting on the ground. The way for the Gift Giver to get back into the game is the same as if this person were the Medic.
